

Join us for franchise and offshore collaboration!

QUALITY EDUCATION, RIGHT AT YOUR DOORSTEP

Our goal: sharing what we do best with the world.

Universiti Teknologi Malaysia (UTM) is a public research university specialising in science, technology and engineering. Since 1975, UTM prides itself of producing engineers, technicians, scientists, technologists, educators, architects, quantity surveyors, managers, and other change makers for Malaysia and the global community.

As UTM embarks on expansion abroad through transnational education, it welcomes universities and colleges to be part of this exciting and transformative journey as its institutional partner.

The programmes

Across 12 faculties and 8 schools, UTM offers franchising and offshore opportunities at the Bachelor's degree and Master's level in the following disciplines:

- Engineering
- Computer Science
- Management
- Social Science
- Applied Science

... and many more

The partnership

The transnational arrangement will be managed by the UTM School of Professional and Continuing Education (UTMSPACE).

It is an incorporated body under UTM, with over 25 years of experience in offering various education and professional development opportunities for individuals across all levels of society.

The quality assurance
